Important limitations and safety regulations in the weekend cottage insurance

The insurance policy contains certain limitations. There are terms and conditions under which the insurance is not valid in certain situations and there are terms and conditions on safety regulations – i.e. instructions explaining how to act in order to minimise the risk of loss, damage and injury. Failure to observe safety regulations may result in a reduced claim payment. For more information about which safety regulations apply for each claim, please refer to the full terms and conditions at if.se.

Some of the main limitations and regulations in the insurance are listed below.

General limitations

FIRE

You must not use candles, open flame or embers in a way that poses a serious risk of starting a fire. You must not leave candles or a fire without attention, the same applies for cooking pots on the stove. You must not smoke in bed.

WATER DAMAGE

You must make sure that taps do not leak and that they are always fully turned off when not in use. You must also take steps to ensure that pipework systems and connected devices do not freeze and break.

The indoor temperature should not be lowered too much and the water must be shut off and remaining water in pipes and containers must be treated with antifreeze if the property is to be left unoccupied for a longer period. If the heat is turned off pipes must be emptied.

Specific limitations

LEGAL EXPENSES

Certain types of disputes are not covered by the legal protection in your cottage insurance. For example, you cannot receive compensation for disputes with someone with whom you are or have been married to or living together with. You also cannot receive compensation for disputes regarding small amounts (småmål), criminal cases or disputes related to your work.

BUILDINGS

Additional costs as a result of the building being protected due to cultural historical reasons is not covered. Neither are costs for restoring artistic decoration.

LEAKAGE

Compensation is not provided for damage caused by a leak from drainage systems or if water enters directly from the roof.

Super Cottage Insurance also covers storm damages on greenhouses up to SEK 25,000, swimming pools/ outdoor jacuzzis up to SEK 100,000 and damages to some fences, windbreaks and walls.

CAPPED DEDUCTION FOR AGE

ACCIDENTAL DAMAGE

Compensation payments

BUILDING

If the damaged house is repaired or rebuilt within two (2) years, you will be reimbursed for the cost of the modern techniques and materials used. We determine whether you will receive monetary compensation or if we will be responsible for the reconstruction work.

The compensation amount is reduced for certain parts of the building due to their age. This means that you will have to pay a certain amount yourself because you are getting new material instead of old. This mainly applies to components that have a limited life, such as machinery, wallpaper and floor coverings. Our terms and conditions include a complete table showing how deductions are made. The age deduction is capped at SEK 100,000. If you have Super Cottage Insurance, it is capped at SEK 10,000. The "capped age deduction" threshold does not apply when installations or machinery break down without any external influence or is fully written off. The same applies when surfaces in bathrooms, or other rooms with water installed, are older than 30 years.

MOVABLE PROPERTY

As a rule, compensation for stolen or damaged goods is paid at market value, i.e. what it would cost to buy the equivalent item in second-hand condition. For items that are relatively new – where the market value is at least 70% of what the corresponding new article costs – you will receive compensation commensurate with what the new item costs provided you buy it within six (6) months. Our full terms and conditions include a table showing how we calculate the market value of certain items.

EXCESS

An excess is the amount of money that you yourself have to pay towards a claim. You can choose the excess you want to meet your needs. The excess you have chosen will be shown on your policy schedule.

A special excess applies for certain types of damage:

- Legal assistance: 20% of the cost, no lower than the excess you have chosen
- Pests: no excess

For water damage on building:

- SEK 4,000
- Additional excess SEK 6, 000 for water damage when bathroom is more than 20 years old
- Damage caused by freezing 10% of costs (minimum SEK 4,000 and maximum SEK 10,000)
- Flooding SEK 4,000

If you have chosen a higher excess that stated above then the chosen excess applies.

This is how the price for your insurance is calculated

When we calculate the price, we take several factors into account: the amount of the sum insured, your age, the number of members in the household and where you live. The sum insured must cover the total value of everything included in your policy, unless you have a group contract with a fixed sum insured.

When you buy your cottage insurance, you must provide a figure for the sum yourself. If it is too low, there is a risk that you will receive a reduced payment in the event of a claim.

Simple to pay

You choose the method and intervals of payment that suit you best; annual, half-yearly or monthly.

A SEK 25 fee per invoice will apply if you choose to receive a printed invoice. You will not be charged any additional fee if you pay via direct debit or electronic invoices sent directly to your online banking service.
