WHO IS INSURED UNDER THE POLICY?

The insurance policy covers you as the owner and main user of the car. The Third party insurance also covers any loss or damage to other people or objects as a result of an accident with the car.

WHERE DOES THE POLICY PROVIDE COVER?

The insurance policy only provides cover in the countries that are members of the Green Card System. The insurance (excluding third party) does not apply in Iran, Morocco and Tunisia.

WHAT IS INSURED?

The policy covers the car itself and any equipment and accessories that are considered normal for cars. Car stereo, telecommunications and other electronic equipment (including navigation systems) are covered by the policy if they are permanently fitted. Any equipment that has been dismantled from the car, such as winter/summer tyres, is also included.

THIRD PARTY INSURANCE

Third party insurance is required by law and provides cover for the liability against injuries to other drivers, passengers and other people outside the car. It also covers you for damage caused to other people's property if you drive into another vehicle or into a road barrier, for example.

PARTIAL COVER

In addition to the content of the Third party insurance, the following is included:

FIRE:

Provides cover for damage to the car caused by fire, explosion or damage to electrical cables by short-circuiting.

THEFT

Provides cover for theft of your car and for damage to your car following attempted theft or if your car is broken into. The insurance also covers equipment and accessories that are normally found in cars.

ROADSIDE RESCUE/ASSISTANCE

Tow to a garage if the car is involved in a road accident, theft or other breakdown. Cost of transporting the driver, passengers and private luggage back to the home address.

GLASS

Pays for repairs to or replacement of broken or damaged windscreen or windows in the car.

MISFUELLING

For cars up to 15 years old, the insurance provides cover for misfuelling, so long as the car has at least partial cover. The basic costs for the drainage and flushing of the tank, oil pan and fuel lines are covered, as well as for a filter

replacement made necessary by pumping a fuel other than that instructed by the car manufacturer into the fuel tank, other tank or reservoir in the vehicle. Cover of up to SEK 50,000 is provided. Any consequential damage caused by misfuelling in the car's fuel tank is covered if the car has valid mechanical damage cover.

MECHANICAL DAMAGE

Covers sudden failures that affect the performance of the engine, electronics, gearbox, transmission, etc. in a car that is under 8 years old and with a mileage of less than 100,000 km.

LEGAL ASSISTANCE

Pays representation and legal costs of up to SEK 250,000, for disputes that are related to your car ownership.

COMPREHENSIVE COVER

Comprehensive cover includes Third part, partial cover plus Car damage or a Car damage warranty. A three-year Car damage warranty from the dealer is usually included when you purchase a brand-new car (see sales documents). If a Car damage warranty is not included, it is advisable that you purchase Car damage coverage.

CAR DAMAGE

Car damage insurance covers the cost of damage to your car if you crash or if your car is vandalised. It also covers the cost of damage caused by other external incidents, such as a tree being blown down onto the car. The level of excess you choose will have an effect on the cost of your car insurance. You can choose the following excess amounts: SEK 3,000, 4,500 or 6,000.

TEMPORARY DEREGISTRATION INSURANCE

When the car is temporary deregistered and not being used, the insurance policy can be changed to a deregistration policy which provides cover for theft, fire, legal expenses and vehicle damage. The insurance applies in Sweden.

ADDITIONAL INSURANCE COVER

BILXTRA

This extra insurance can be purchased if you have chosen at least Partial cover. It is also included in Large comprehensive insurance.

The insurance policy covers the cost of car rental for a maximum of 45 days (maximum of 60 days for Large comprehensive insurance), if your car has to be repaired following insured damage. In the event of damage in Sweden, 75% of the daily rate and mileage cost for a rental car is covered. In the event of damage in Sweden abroad and where a car is rented abroad, 100% of the daily rate and mileage cost for the car is covered.

BilXtra also reduces the standard excess, usually down to SEK 0, if you are involved in a collision with an animal, if your car is vandalised or breaks down and needs the assistance of a tow truck.

LARGE COMPREHENSIVE INSURANCE

Large comprehensive insurance is our most comprehensive package and contains Fully comprehensive cover, BilXtra and the following:

IMPORTANT LIMITATIONS IN THE CAR INSURANCE POLICY

The insurance policy contains certain limitations. For instance, there are terms and conditions under which the insurance is not valid in certain situations and there are terms and conditions on so-called safety regulations i.e. instructions explaining how to act in order to minimise the risk of loss, damage and injury. Failure to observe safety

regulations may result in a reduced claim payment. For more information about which safety regulations apply for each claim, please refer to the full terms and conditions at [if.se](#). Some of the main limitations in the policy are listed below.

GENERAL LIMITATIONS

- If the driver does not have the necessary driver's licence
 - If the driver is guilty of drunk driving
 - Is the car younger than 30 years, the insurance has a maximum amount of 1.5 million SEK (excluding Third Party Insurance) unless otherwise stated in the insurance policy.
 - The insurance policy (excluding the Third party insurance) does not cover damage incurred on a track designed for racing with a motor vehicle, e.g. Anderstorp, Gotland Ring, Mantorp or Nürburgring including the Nordschleife etc.
 - The policy will not normally cover claims if the car has been rented out or lent to a third party in exchange for payment, used in delivery services, or if the car is used under any competitive circumstances or conditions, e.g. street racing or similar
 - If the car is driven despite it having been issued with a roadworthiness prohibition
 - Car stereos and similar electronic equipment are only covered by the policy if they are permanently fitted and tools are required to remove them from the car. Claims for non-factory fitted equipment are capped at SEK 25,000 (incl. VAT).
 - The policy will not normally cover claims if the car has been abroad for more than 182 days when the loss or damage occurs
 - For loss or damage covered by a supplier guarantee or similar
 - The maximum settlement is SEK 300,000 for cars that are more than 30 years old and are not insured as a collectors' vehicle.
-

SPECIFIC LIMITATIONS

MOTOR THIRD PARTY

- The insurance policy does not cover loss, damage or injury sustained when driving in a fenced competition area.

FIRE

- The insurance policy does not cover loss or damage to the engine, exhaust system, tyres or tubes as a result of an explosion in them.

GLASS

- The glass insurance does not cover damage in the event of a road accident, other extraneous accident or vandalism.

THEFT

- If the market value of the car is more than SEK 1.5 million, it must be fitted with an approved GPS tracking system connected to a central monitoring station. Otherwise the policy will not normally cover claims
- The car must be fitted with an electronic immobiliser for travel in certain countries
- Claims for non-original wheels are capped at SEK 30,000
- The insurance policy does not cover loss, damage or injury caused by someone belonging to the same household

as you nor does it cover loss, damage or injury caused by non-permissive use

- When the car is not being used, it must be locked with an approved lock. The key must not be kept in the immediate vicinity of the car. Non-compliance with this will result in the reduction of the settlement amount. Removed vehicle parts, e.g. winter tyres, must be stored in a locked area to which only you have access.

MECHANICAL DAMAGE

- The amount of the settlement will normally be reduced by 50 % or so much so that no compensation at all is left, if the car has not been serviced according to the service manual
- The insurance policy does not cover defects or faults that arise due to the car having been tuned
- The excess is equal to twice the amount specified if the car has not been imported by a Swedish general agent for the make of car.

- If the car's tyres fail to satisfy legal requirements, an additional excess 10 % of the compensation cost lowest SEK 5,000 will apply under the policy.

TEMPORARY DEREGISTRATION

- The insurance policy does not cover loss, damage or injury sustained when the car is used in traffic.

MISFORTUNE

- The insurance policy does not cover claims for loss or damage to electronics, convertible or hard tops
- Damage caused by animals, insects, wear or neglect.

-

CALCULATING THE COST OF YOUR INSURANCE

The cost of your insurance depends on a number of factors, including the make of the car, its age and whether it is a direct import. Other factors include how far you drive each year, your age, how long you have held a driver's licence, where you live and any previous claims.

You will receive a discount on your Third party insurance and Car damage insurance if no-one under the age of 25 will be driving the car. If a person under the age of 25 uses the car and loss or damage occurs, an additional excess of SEK 2,000 will be added to the Third party insurance and to the Car damage insurance.

SIMPLE TO PAY

You choose the method and intervals of payment that suit you best; annual, half-yearly or monthly.
